**OFFICE 365 & AZURE
 ADMINISTRATION WORKSHOPS**

Using Office 365 and Azure can be a great way to encourage collaboration, increase productivity and reduce your IT costs. However, managing these services can often be confusing and time consuming.

Our Cloud Support Team provide administration and management workshops to help you understand your Microsoft Online services, whether you're just starting out or looking to expand your cloud further. We'll even assist with the setup work.

Administration workshops – what to expect			
Office 365 Workshop		Azure Workshop	
Understanding Identity	Microsoft Accounts & AAD	Understanding Identity	Microsoft Accounts & AAD
Online Services Portal	O365 Admin Center Azure Enterprise Azure Management Azure Account	Introduction to Portals	Azure Enterprise Azure Management Azure Account
Managing Office 365	Administrators Licenses Services	Managing your Enrolment	Hierarchy User Roles
Advanced Scenarios	Adding Domains Directory Sync Decentralisation Reporting	Managing your Services	Management Portal Templates PowerShell
		Reporting	EA Reports Tagging Other Options

Each workshop usually takes around half a day. There's no rigid format or content – we prefer to be guided by your needs. With the amount of crossover between both services, we can even provide a whole-day session to cover everything essential to your business.
