GDPR COMPLIANCE

GDPR

Unlock the direct route to **GDPR Compliance**

On May 25th 2018 the EU General Data Protection Regulation (GDPR) comes into force, bringing a complete overhaul of data privacy & hefty non-compliance penalties.

Introducing the appropriate technical and organisational measures to keep your data safe and prove compliance can be a daunting task, swallowing up hours of valuable time, money and the resource of your best people.

Access expert help to smooth your GDPR journey. Work with Bytes to meet the May 2018 deadline with minimal stress, complexity and business disruption.

Our comprehensive suite of GDPR services and data security technologies can help on every step of your GDPR compliance journey, from initial audit to incident response.

A smooth path through the maze of GDPR

At Bytes, we understand GDPR: Its greater emphasis on protecting personal data, the big shift towards processor accountability and harsh penalties for non-compliance.

We will help you navigate what's new in GDPR

Privacy By Design & By Default

Appropriate technical & organisational measures to keep data safe

Right to Erasure & Be Forgotten

Preparing for the data subject right to have their data deleted

Timely Breach Notification

Obligations to report a data breach in 72 hours

Data Protection Impact Assessment

Understand your business exposure and risk of penalty

The clock is ticking, now is the time to take action and take steps towards compliance.

Get ready with Bytes, save valuable time, money and resources and be confident in your compliance.
