The Bytes
FAST TRACK SERVICE

If you are looking to deploy Microsoft 365 within your business but don't know where to start, **the Bytes FastTrack Service** will provide best practices, tools and resources to **ensure a smooth and successful migration.**

What is FastTrack?

The Bytes FastTrack Service for Microsoft 365 provides guidance for planning, deployment and adoption when migrating your IT environment or adopting the technology for the first time. At no additional cost to your Microsoft 365 subscription, you will have remote access to guidance from Bytes specialists, best practices, tools and resources.

The Bytes FastTrack Service helps organisations accelerate deployment and gain end-user adoption of Office 365, Enterprise Mobility + Security and Windows 10.

If you're looking at modernising your workplace, **FastTrack is an essential piece of the puzzle.**

Engage with Bytes for FastTrack and receive multiple business benefits:

» **Service Enablement Guidance**

» **Online resources and tools available to all customers**

» **Ongoing access to Bytes FastTrack specialists (150+) seats**

» **Remote Planning Workshops**

» **Active Directory Remediation guidance**

» **Network, DNS, tenant and user setup guide**

» **Expert guidance for supported services**

» **Email and file migration (+500 seats)**

By engaging with Bytes to accelerate your M365 deployment, you will not only benefit from a host of complimentary services but also have the option to add on additional benefits including*:

» **Pre and post implementation health checks**

» **Creation of Proof of Concept**

» **Migration assistance**

» **Backfill BAU resources**

» **Microsoft Premier Support backed cloud services**

The Bytes
FAST TRACK SERVICE

Utilise FastTrack services for deployment and migration assistance for

Exchange Online, O365 ProPlus, SharePoint Online, Teams, Yammer, Azure Active Directory Premium, Azure Advanced Threat Protection, Intune, Azure Information Protection and Microsoft Cloud App Security

Your journey with Bytes FastTrack is made up of three stages:

1. The Envision Stage.
You will create a FastTrack success plan by defining your organisation's vision.

2. The Onboard Stage.
You will work remotely with a Bytes FastTrack Specialist to prepare your environment.

3. The Drive Value Stage.
You will create an adoption plan to drive usage and execute your goals.

FastTrack Benefit is eligible for commercial customers with a minimum 150 licenses.
Please speak to your Bytes Account Manager regarding eligibility.

Next Steps:

» **Speak to your Bytes Account Manager who will book an exploratory call on the value of this program**

» **Once set up, you will have access to granular reporting to aid cloud adoption**

» **You will be aligned with a Bytes FastTrack Success Manager**

» **You will be provided with guidance and documents needed to make a start**
