

Balance Risk and Convenience, Keeping Everyone Secure

Identity Market Review

Bytes are here to help. Our **free Identity & Access Workshop** is designed to help you map out an Access & Identity strategy for your business which gets the balance between security and convenience right.

80% of Security Breaches are caused by compromised or weak credentials. Now more than ever, it's important for businesses to understand how to secure user access, balancing the need for 'right now' access to critical resources with business risk and compliance.

Working out the correct approach can be complex but is business critical in order to provide your staff, customers and third parties with just the right access to the right resources in the right place at the right time.

Our Methodology

Our expert engineers work with you to identify your key access challenges and requirements, then walk you through the various options that you have to strengthen your security posture whilst ensuring smooth, simple user access.

Key Steps

Assess:

- Evaluate current requirements
- Explore the Security roadmap
- Demonstrate Multi Factor Authentication & Single Sign On

Discover:

- Deliver workshop and knowledge transfer
- Analyse and discover gaps
- Consider vendors and offerings

Recommend:

- Align appropriate technologies to create solutions
- Provide a bespoke solution recommendation report to assist with business cases

Guidance on 6 different areas of Identity & Access Management

- ✓ Multi-Factor Authentication & Single Sign On
- ✓ Identity Lifecycle Management
- ✓ Identity Access Management
- ✓ Privilege Access Management
- ✓ Identity Threat Detection
- ✓ Identity Governance & Administration

The result – a clear map of your journey to simple, secure user access at every point of your business – from new staff onboarding to privilege management.

During this engagement Bytes security experts will guide you through core identity challenges & how best to solve them with a vendor agnostic approach, ensuring the best fit for your organisation.

- 1:1 Interactive Session
