UnGDPR COMPLIANCE LOCKED

Unlock the direct route to GDPR Compliance

On May 25th 2018 the EU General Data Protection Regulation (GDPR) comes into force, bringing a complete overhaul of data privacy & hefty non-compliance penalties.
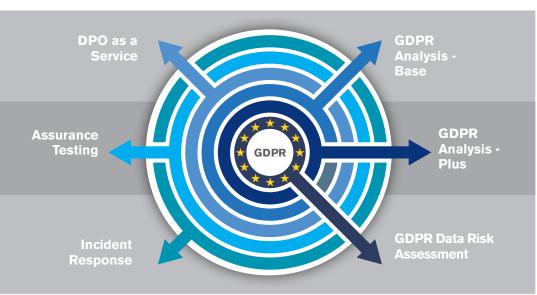

Introducing the appropriate technical and organisational measures to keep your data safe and prove compliance can be a daunting task, swallowing up hours of valuable time, money and the resource of your best people.

Access expert help to smooth your GDPR journey. Work with Bytes to meet the May 2018 deadline with minimal stress, complexity and business disruption.

Our comprehensive suite of GDPR services and data security technologies can help on every step of your GDPR compliance journey, from initial audit to incident response.

A smooth path through the maze of GDPR

We will help you navigate what's new in GDPR

At Bytes, we understand GDPR: Its greater emphasis on protecting personal data, the big shift towards processor accountability and harsh penalties for non-compliance.
